# For the Prospective Employee

The screenshot shows the 'Jobscape' website's registration form. At the top, there is a 'Choose Location' button. The form is titled 'Jobscape' and contains several sections: 'Is the company registered?' with radio buttons for 'No' and 'Yes'; 'What is the Type of registration?' with a list of options including Civil, Cooperative, Foreign, Joint Area, Limited liability, Non-profit organization, Private shareholding, Public shareholding, Share recommendation, Single recommendation, Sole proprietorship, and Solidarity and recommendation; 'Economic sector:' with a 'Sub-sector:' dropdown; and 'Enterprise size (Micro, Small, Medium, Large)' with radio buttons for 'Large', 'Medium', 'Micro', and 'Small'. A 'Search' button is at the bottom.

On entering, the job-seeker enters their location and preferences.

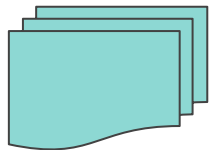

To help with the decision, the youth can see on the map all the local vacancies fitting their description.

The youth gains information about the potential jobs, and can adjust their preferences as they narrow their focus.

When they come back tomorrow, their preferences are saved, and new vacancies fitting their description fill the map.

# For the Employer

Shareable excel file makes it easy for many employers to contribute
